

## DR-200 LEADER

Squeegee/  
Spray System

**ASPHALT SEALCOATING EQUIPMENT**

**DR 200 LEADER**

Power &  
Reliability

The Ditch Runners designed DR-200 Leader Squeegee Sealcoat system has been a proven industry standard for years. It's rugged built, and powered by a BRIGGS vanguard 16 horse power gasoline engine. Hydraulically controlled variable speed drive system gives you positive control from low to high speed.

The piston pumping system provides today's Sealcoating professional with the most versatile spray solution available. The 6½' squeegee has 4 blades with a pedal controlled 4" material drop.

### Standard features:

- BRIGGS vanguard air cooled engine
- Hydrostatic rear-wheel drive
- Power steering
- Joystick for positive control
- Low profile engine deck increased stability and operator visibility
- 30 Gallon water tank (approx.)
- Variable speed drive.
- Spray-down System
- Fogger
